

## **A word from the Director's desk**

Bihar is taking a leap. There is all round development here. We need world class life and health, an educated society of parts. For this is required Nursing education which we lack both in quality and number. For this only we have got recognition from Bihar Govt. Health department. We have insured methodical training and developed all arrangements for this.

Our criteria so of country level. We fulfill all its conditions and managerial aspects. We are connected with all super development college of the type through internet. There are separate hostels for girls, male students. Transportation, training hospitals all we have. Placement so our characteristic and objective. Let all entrants be satisfied before admission. Our door is always open. You are flowers of our garden, we water you & develop you. We are committed to it.

Your blissful, bright future so our responsibility.

Safeguard your interests is our duty.

You wed a life of action and discipline for this come to us for you want to get.
